WHAT TO CONFIRM BEFORE ORDERING

- Ask for the FOS and sugar profile, not only the total fibre.
- FOS is hygroscopic; specify the pack and the storage.
- Taste at the final dose; the sweetness is lower than sucrose.

> **Indicative document.** This sheet describes the grade we can quote; it is not a batch COA and does not confirm a result for a specific lot. Final specification, contaminant limits and documentation are agreed in writing before the order. The identity, assay basis, profile and method are release parameters, not marketing descriptions.
