WHAT TO CONFIRM BEFORE ORDERING

- Xylitol is hygroscopic; specify the packaging and storage conditions.
- The cooling effect is strong; taste at the final dose.
- Check other polyols as well as the xylitol assay.

Indicative document. This sheet describes the grade we can quote; it is not a batch COA and does not confirm a result for a specific lot. Final specification, contaminant limits and documentation are agreed in writing before the order. The identity, assay basis, profile and method are release parameters, not marketing descriptions.
